

# MAXWELL HAMMER AND SMITH

**THE REGIONS' LEADING ROCK COVERS BAND**

**"... they play Supertramp better than Supertramp! "**  
*Don Airey, Deep Purple/Whitesnake/ELO*

"All three musicians sing, and their vocal harmonies are pin-point sharp, professionally studied and rehearsed, and delivered with confidence and emotion true to the original songs.

The band are a tribute to keeping great rock music truly alive. If you love tight, melodic, emotive rock, played with flair... go and see them!"

*Mac MacLaren, Lemonrock Editor*

**"... MH&S are just awesome!"**  
*Dave Mackintosh, Dragonforce*

"We know a bloke who can play the guitar solo to 'Bohemian Rhapsody' one handed while accompanying himself on keyboards and singing backing vocals - how do you like them apples!" *Guitar Buyer Magazine*

**"...It's hard (or even impossible) to fault these guys..."** *Pete Perry, Switchboard Editor*
